About Kootenai Health

Kootenai Health provides comprehensive medical services to patients in northern Idaho and throughout the Inland Northwest. Although Kootenai Health's reputation for excellence has been years in the making, how it is being earned has grown. In addition to the medical center, Kootenai Health now includes a variety of specialty centers, inpatient and outpatient services as well as physician practices. All work toward the common goal of improving health one patient at a time.

Kootenai Health Mission

We improve health one patient at a time in a friendly and professional culture committed to superior quality and safety.

Kootenai Health Vision

By 2020 Kootenai Health will be a comprehensive regional medical center delivering superior, patient-focused care and will be recognized among the premier health care organizations in the U.S.

Kootenai Care Network

Through clinical integration, physicians, hospitals and payers can work together in a more coordinated way to improve clinical outcomes and provide more cost-effective care. Kootenai Care Network members maintain their independence, but work together in a mutually-accountable way. Through data analytics and collaboration, they develop and implement clinical protocols and monitor clinical performance. This helps achieve high quality care in a more efficient manner than can be achieved independently.
